

Legal Intern

Nodal Exchange, the largest power futures exchange in North America, is a regulated derivatives exchange industry traders over 1000 futures contracts on hundreds of unique electric power locations and the world's largest set of environmental futures and options contracts. A leader in innovation, Nodal Exchange was named Exchange of the Year – The Americas and Canada at FOW International Awards in 2021, as well as Exchange of the Year in 2021, 2020, and 2019 by Energy Risk magazine. Nodal Exchange's wholly owned subsidiary, Nodal Clear, provides clearing of exchange transactions using a portfolio margining approach that provides participants significant risk management and capital efficiency advantages. Nodal Exchange is a part of the European Energy Exchange (EEX) Group that serves international commodity markets.

Nodal believes in helping our legal team thrive by balancing their work and home lives well. We are proud of the culture we have created. As such, we value teamwork, honesty, humor, forward thinking and open communication. We see the importance of your perspective and your ability to create value to the company through informed legal advice. We want you to fit in with our supportive environment and to appreciate, as we do, that by bringing together our varied perspectives, and respectfully challenging each other, we can develop the best solutions for the legal issues of the business.

We are now looking for talented, innovative individuals to join our team in Tyson's Corner, VA (DC Metro area).

Primary responsibilities may include:

Legal Intern

The Legal Intern reports to the General Counsel and will contribute to ensure Nodal Exchange successfully addresses its legal and business obligations.

- Assist in reviewing and editing various contracts, including service provider, nondisclosure, confidentiality, and licensing agreements, to mitigate risk in accordance with company policies and regulatory responsibilities.
- Assist in reviewing and editing draft agreements, amendments, addenda, and other documents to comply with new and existing regulatory responsibilities and commercial contracts.
- Research legal issues relating to current and potential legal, regulatory and commercial issues of the business.

- Stay on top of changing business regulations, relevant industry trends, and work with business, finance, technology, and legal stakeholders to develop and implement best practices.
- Review and help maintain company policies and procedures as needed.
- Assist in the administrative process and maintenance of the legal file systems.
- Provide legal assistance on any regulatory filings or other regulatory related matters as needed by the General Counsel's office or Compliance team.

Requirements:

- Have completed second year (2L) in your pursuit of a Juris Doctorate from an ABA-accredited law school; or are pursuing an Executive LLM in Securities & Financial Regulation or an LLM in Business & Finance Law.
- Basic knowledge and understanding of applicable legal and regulatory requirements relating to commodities/derivatives or securities laws.
- Interest in corporate or commercial contract drafting and review.
- Interest in technology, IP or related matters.
- Excellent organizational skills with the ability to handle multiple matters at once and complete them in an organized and timely manner.
- Well-developed written and verbal communication skills.
- Ability to work independently with little supervision, as well as cooperatively in a team environment.
- Attention to detail and a strong sense of ownership and accountability.
- Diligent team player with a good sense of humor - or at least the ability to politely recognize the attempts at humor by your colleagues.

Physical and Legal requirements:

- Ability to work onsite in Tysons Corner office (hybrid)
- Prolonged periods of sitting and/or standing at a desk
- Authorized to work in the United States
