Re: CFTC Regulation 40.6(a) Certification: Submission of Amendments to the Nodal Exchange Rulebook

Dear Mr. Kirkpatrick:

Nodal Exchange, LLC (“Nodal Exchange” or “Exchange”) is notifying the Commodity Futures Trading Commission (“CFTC” or “Commission”) that it is self-certifying amendments to the Nodal Exchange Rulebook (“Rules”) pursuant to Commission Regulation 40.6(a). The Exchange is amending Rule 1.24, Rule 1.29, Rule 1.106, Rule 4.4.1, and Rule 4.5.1. The Exchange intends to implement the amended Rules on March 20, 2025

The Exchange is amending Rule 1.24, Rule 1.29, Rule 1.106, Rule 4.4.1, and Rule 4.5.1 to provide clarity to market participants. The amended Rules are being submitted in coordination with amendments to Nodal Appendix A – Contract Specifications, to clarify and standardize the Exchange’s Contract Specifications across product class. Specifically, the Exchange is removing Rule 1.24 – CME Business Day, as the term is no longer utilized in the Rulebook or Contract Specifications. Rule 1.29, Rule 1.106, Rule 4.4.1, and Rule 4.5.1 are being amended to replace the term “lot size” with “contract size”.

Exchange management has assessed the amendments and their compliance with applicable provisions of the Act, including the Commissions Regulations and the Core Principles. Nodal Exchange has identified that the amendments may affect the following Core Principles as follows:

Core Principle 2 - Compliance with the Rules: The amendments to the Rules provide clarity and consistency with the Act for compliance with the Rules. Nodal Rules are applicable to all Nodal Exchange market participants.

Core Principle 4 - Prevention of Market Disruption: All activity performed on Nodal is subject to the Nodal Exchange Rulebook Section VI, which prohibits disruptive trading behavior and manipulation, subject to monitoring and surveillance by the Exchange’s Division of Market Surveillance.

Core Principle 7 – Availability of General Information: The amendments to the Rules provide clarity to market participants. The amended Rules are available to market authorities, Participants, Customers, Authorized Brokers and the public on the Exchange website.

Core Principle 12 - Protection of Markets and Market Participants: Section VI of the Nodal Exchange Rulebook protects the market and market participants from abusive, disruptive, fraudulent, noncompetitive and unfair conduct and trade practices.

Core Principle 13 - Disciplinary Procedures: Section VII of the Nodal Exchange Rulebook describes the disciplinary procedures of the Exchange that authorize the Exchange to discipline, suspend, or expel anyone on the Exchange that violates these rules.

Pursuant to Section 5c(c) of the Act and the Commission's Regulation 40.6, the Exchange certifies that the amended Rules comply with the Act and the Commission's Regulations thereunder. There have not been any opposing views expressed regarding the amendments to the Rules.

Nodal Exchange certifies that this submission has been concurrently posted on the Nodal Exchange website at www.nodalexchange.com.
